

Solar Powered Exhaust Fan, 22W Solar Panel with 8" Solar Brushless Fan for Outside, Shed Ventilation, Greenhouse, Chicken Coop, Pet Houses, Garage

LONGER AND WIDER FAN BLADES MOVE MORE AIR.

Works best for larger rooms.

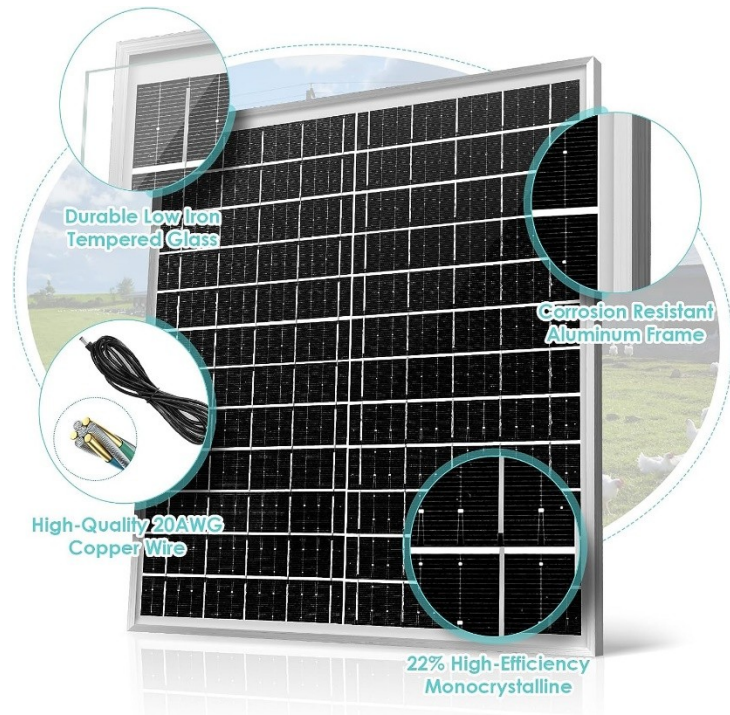

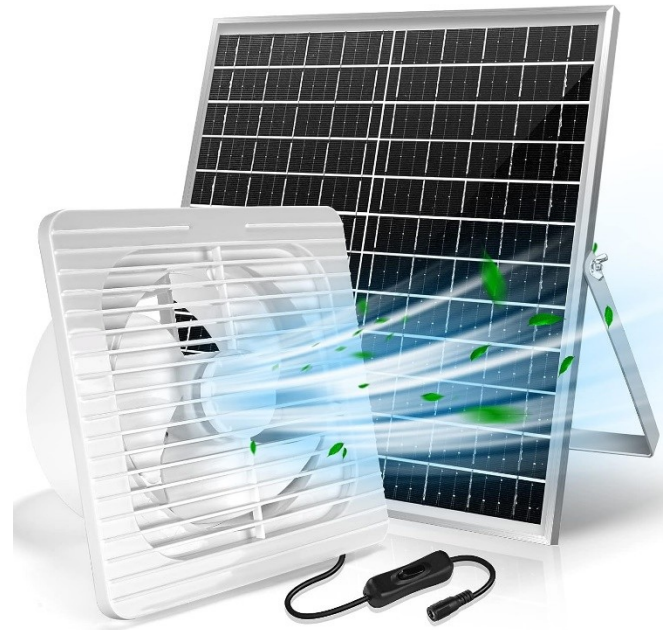

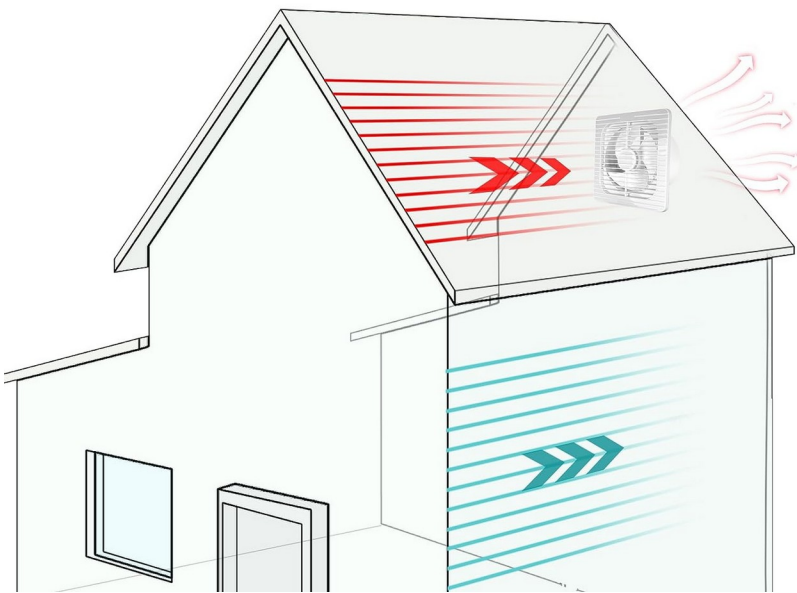

Heat

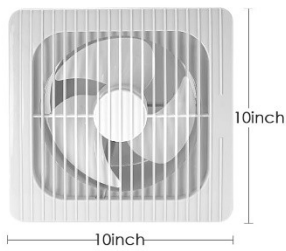

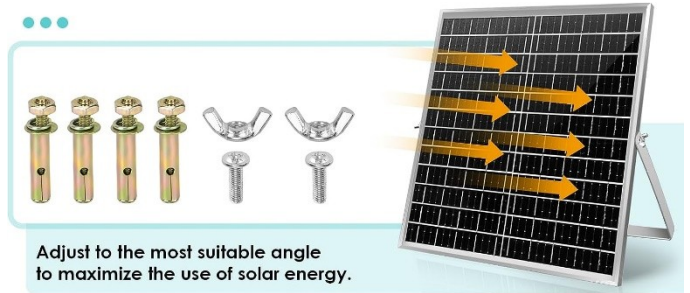

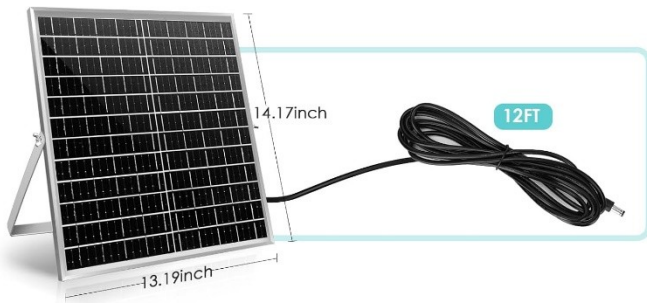

Odor

Dust

Solar Power	22W
Airflow	180CFM
Noise	36 dB

- **Price:** \$59.99
- **Rate:** 4.1 with 71 ratings

Specification

Brand	Tagefa
Color	White
Item Dimensions LxWxH	10x10x4.2 inches
Product Dimensions	10"L x 10"W x 4.2"H
Room Type	Garage, Pet House, Chicken Coop, Green House
Included Components	Bracket, Screws, DC brushless fan, Solar panel
Maximum Power	22 Watts

Description:

- **22W SOLAR PANEL:** Our solar panels are encased with tempered glass and aluminum frames for excellent corrosion and weather resistance. With premium monocrystalline solar cells, the conversion rate is up to 22%. The solar attic fans come with 12FT 20AWG (0.8mm in diameter)

copper wire which reduces the loss of power so that the fan can operate even in weak sunlight.

- **DC BRUSHLESS FAN:** These DC solar fans have powerful brushless motors that are more stable, less prone to breakdown, run with less noise, and have a three-time life span compared to brush fans. Its speeds up to 2500rpm which offers superior shed ventilation capabilities. The detachable front panel and check valve make the fan ideal for wall, glass, and ceiling mounting.
- **EASY INSTALLATION:** Choose a 6" or 8" exhaust fan depending on the size of the opening you want in the wall/glass and fix the solar panel where it will be exposed to as much sunlight as possible. The package includes all necessary mounting hardware, making the installation process quick and hassle-free.
- **ADJUSTABLE BRACKET:** Solar panels need different positions and angles in winter and summer to maximize the use of solar. Our solar chicken coop fan set comes with fixed and adjustable brackets, allowing you to optimize its position to capture the maximum amount of sunlight throughout the day.
- **VARIOUS APPLICATIONS:** The solar fans can be effortlessly mounted on the roof or wall of your chicken coop, shed, greenhouse, garage, or any enclosed space that requires ventilation. The fan

expels hot air, smoke, dust, and odors. Our solar fan is the perfect choice to maintain proper air circulation and temperature control.
