Description:

- Powerful whole room circulation: Using Dreo's WingBoost technology, this air circulator fan delivers far-reaching winds that go as far as 70 ft, while bringing a massive 343 CFM of air volume, ideal to move air efficiently at bedrooms, living rooms, office, etc.

- Convenient cooling control: Use the remote control to easily adjust airflow, switch between 4 speeds, Auto Mode (Concealed sensor adapts fan speed to room temperatures), or set the 8-hour timer without leaving your bed; all features in one modern control panel.
- Stay cool anywhere: With a 120° tilt and 90 ° oscillation, find the perfect angle and surround yourself in coolness; pair it with your AC for energy savings.
- Whisper-quiet cooling: This table fan uses aerodynamic technology for a smoother airflow with minimal noise (28dB); sleep undisturbed with the digital numbers turning off after 30 seconds.
- Simple to clean, faster to enjoy: The grille and blades can be easily taken out for cleaning, helping you keep your air moving without dust or fur.
- Fan Head Diameter: 9 inches; Blade Diameter: 7 inches.
