Description:

-  Modern Rustic Ceiling Fan: 52-inch fan with light and 5 double-sided blades , you can choose any desired home decoration style, which is very suitable for any indoor and covered Patio, farmhouse, bedroom, living room, garage, kitchen, etc
-  Adjustable LED Light: Black ceiling fan with light, 22W, press the "LIGHT ON/OFF" key to switch on the light {from warm white (3000K) to natural light (4500K) to cold white (6000K)} and then turn off the light. Set the memory function of the light: turn off the light and wait for about 15 seconds before turning it on to set the light.
-  Multi-Function Remote Control: outdoor fan with remote can control the speed of 6 fans, set a 1/2/4 hour timer, reversible DC motor, from the downshift mode in summer to the upshift mode in winter. Compared with the traditional AC motor, it can save 50% energy, and the noise is less than 35dB, with a maximum CFM5250.
-  Easy To Install: 52-inch ceiling fans (including 5 "/10" lower rod) can be installed on a 15 ° inclined ceiling. See the installation tutorial video on the details page. Note: this model is not suitable for use in an environment exposed to rain and sunlight.

-  Worry-Free Warranty: Biukis brand provides a 12-month after-sales warranty service, and can replace accessories or ceiling fans free of charge during use. If you have any questions about the product, please contact us through the order details
