 Rated Power: 28W
 Rated Frequency: 60Hz
 Weight: 2.79 KG
 Wire Length: 59 inch
 Speed Governor: 1~10 Levels
 Timer: 1~10 Hours
 Turning Angle: 90°
 Pitching Angle: 360°

- **Price:** \$85.99
- **Rate:** 3.4
- **Specifications:**

Mounting Type Free Standing	Controller Type Remote Control
Included Components A fan, an instruction, a wire	Number of Speeds 10
Brand	HealSmart
Color	Black
Electric fan design	Ceiling Fan
Power Source	Corded Electric
Style	Fan
Product Dimensions	17.3"D x 7.9"W x 13.8"H
Room Type	Kitchen, Bedroom, Living Room

Special Feature	Manual
Recommended Uses For Product	Travel
Noise Level	60 dB

- **Descriptions:**

- Bladeless design that is unique Bladeless, secure air inlet grille with reference fluid dynamic design that improves air volume while blowing out soft air and protects the safety of infants, children, and pets. You may set a large-slope turbine silent air duct wherever to create a quiet, cool environment for yourself once it has inhaled air and generated powerful wind by turbocharging. The bladeless fan has a beautiful, fashionable appearance and a useful function. Ideal as a gift for young people, the elderly, friends, and lovers.
- [COMFORTABLE AND STRONG] The ideal cooling fan has three modes, ten speed options, a 360-degree adjustable air outlet, a 90-degree oscillating fan with a nine-hour sleep timer, and noise levels below 60 Hz. Using a remote control or a touch screen to operate. 24 inch portable size with simple setup and fine adjustment for your pleasure.
- [SAFE FOR USE] This bladeless fan produces a strong, uninterrupted stream of airflow without having quickly rotating blades, making it safe for use around children, pets, and when cleaning.
- [MORE SLEEP] It might be unhealthy to breathe in an environment with too little air. A decent fan improves airflow and circulates the air in your room, which might help you feel better if you're having respiratory problems. Additionally, it may help you sleep better, making it safer to spend longer time in bed. When in use, this bladeless fan is silent, producing noise that is less than 60 Hz, and it also has the potential to enhance indoor air quality. To help your sleep, use this fan without blades.
- [SIMPLE INSTALL] The bladeless fan is simple to install thanks to the well-written installation instructions. Installation won't hurt the human body because the parts are compliant with safety standards.
