| Room Type | Office, Kitchen, Bedroom, Living Room |
| Special Feature | Portable, Bladeless, Oscillating |
| Recommended Uses For Product | Cooling |
| Noise Level | 36 dB |

- Descriptions:

- Tower Fan: A small, lightweight, portable fan that fits on your desk or by your bed, is 60 cm high and ideal for use in dorm rooms, offices, bedrooms, kitchens, outdoor picnics, etc.The cooling fan uses only 40W of power when operating.
- 8 Wind Speeds: For your comfort and preference, the tower fan has 8 wind speeds (Low Speed, Medium Speed, High Speed).You can select a time after which the fan will turn off automatically using the 8-hour timer function.
- This tower fan's oscillating feature, which has an 80° shake head function, will disperse cool air across a huge coverage area.blowing with a left and right head shake can circulate the air in the room and make you feel cooler.
- Access all settings with ease with the remote control and LED touch screen.The tower fan can be conveniently positioned thanks to the 1.5m power cable.
- Children can't get their hands cut in a safe leafless fan since there are no quickly moving fan blades and a runway-style air duct.a special air-duct design that minimizes noise and uses fluid dynamics.
- The use of products with electrical plugs is limited to the United States. This device might need an adapter or converter to be used in your destination due to the different outlets and voltage around the world. Before making a purchase, please verify compatibility.
